Woody Cat Control:
a huge leap forward
in cat litter hygiene!

clumping & biodegradable

Woody Cat Control, a truly environmentally friendly clumping cat litter!

Woody Cat Control is a high-quality cat litter granule developed on a vegetable basis, which stands out thanks to its special product features:

- Highly absorbent, so your cat's litter box stays nice and dry
- Extremely good absorption of unpleasant odours
- Compact clumps that are easy to remove from the box
- Hygienic and dust-free, so comfortable for you and your pet
- Made of natural wood fibres
- Biodegradable

For you as our valued customer, we expect Woody Cat Control:

- To offer a good margin as an environmentally friendly premium product
- To offer convincing and functional product features for your customer
- To ensure higher returns on the shelf through fast turnover with a margin
- To be yet another product that you can certainly recommend to your customer

The result: Satisfied customers and long-term customer relationships!

"I go for the hygienic power of nature itself!"
